

HISTORY DAY “Intent to Participate” Letter

*** The paper is due NO LATER THAN _____ ***

We are asking you to write a 1-2 page introductory letter (Size 12, Times New Roman font, 1½ -spaced, 1” margins) for two reasons. First, since you will be excused from certain assignments during the development of your History Day project, we want you to show us that you have a serious interest in participating in History Day. Second, we want you to begin to narrow your general idea into a more specific topic with a strong connection to this year's theme. *Each participant must prepare a unique paper, even if he/she plans to work on a group project.* Your intent to participate paper should include the following points. **Respond to each point in a well-developed paragraph.**

- 1 - Briefly explain the **topic** you are interested in studying (it will probably change a bit as you research it).
 - Summarize important information in a detailed paragraph.
 - Why did you choose this topic?
2. List the **source(s)** you used to get some basic / background information on your topic.
 - This will be the *beginning* of your research. You should start with some secondary source(s) like an encyclopedia or some ‘overview’ that will give you some historical context.
3. Explain how you will **connect this topic to the theme** of “Leadership and Legacy”. (We can help.)
4. Will you work **alone or in a group**? Why?
 - If you are working in a group, with whom will you be working?
 - Why would these people be good to work with? Explain.
